To: Authorized Representatives and Project Directors of IDEA, Part B Projects  
From: Frank Podobnik, IDEA Part B/Data and Accountability Unit Manager  
Date: September 7, 2010  
Re: Special Education Child Count Reporting – Count Date: October 4, 2010

---

**DUE DATE: November 19, 2010 (Friday)**

**Application Opens: September 7, 2010 (Tuesday)**

The application and supporting documents for Child Count reporting can be found on the OPI Web site at:  
[http://www.opi.mt.gov/Reports&Data/Index.html#gpm1\\_11](http://www.opi.mt.gov/Reports&Data/Index.html#gpm1_11).

**REMINDERS:**

**Unique State ID:** This 9-digit number is a required field. A unique state ID has been assigned to each student in the state through the OPI's Achievement in Montana system (AIM). The preprinted list of students that is provided in the Child Count data collection application (worksheet report and data entry screen) shows the numbers that were reported last year for each student. Please verify that these are correct. **This field cannot be left blank.** Preschool students and private school students must also be assigned a State ID.

**Race/Ethnicity:** This is now being collected through the 2-part question that was explained in the memo e-mailed to directors on August 25, 2010.

**Setting of Service:** The Setting of Service Codes have been changed for early childhood (students aged 3, 4, or 5). The changes were explained in the memo sent to directors on August 25, 2010.

**Preschool Level of Performance:** This refers only to those students, ages 3-5, entered as part of the Child Count Data Collection. If the student is 3-5 years of age on the count date of October 4, 2010, and was identified after the October 5, 2009, child count, then Preschool Level of Performance information is required. Remember, if a student with an IEP is in a preschool program within the district, regardless of the location of the preschool program, the district must report the student under the school the student will attend when he/she begins attending school.

**Importing of Data:** Importing of Child Count Data will not be allowed for this reporting year.

The application will be open for school districts and cooperatives to print out Worksheets (preprinted list of students from the previous year) for each school on September 7, 2010. User names and passwords will be needed

for this procedure. The instruction manual provides detailed instruction on logging on, accessing and printing reports.

The Child Count Instruction Manual may be downloaded or printed from the OPI Web site at <http://www.opi.mt.gov/pdf/SpecED/SEdata/11ChildCountManual.pdf>. User names and passwords are not required to access the manual.

In accordance with IDEA 2004, every public school district must conduct a child count of all IDEA-eligible students who are parentally enrolled in private schools within the public school district's boundaries. This count must include all IDEA-eligible students whether or not they are receiving special education services through a Services Plan. The child count for these students must be conducted on October 4, 2010. A copy of this count must be maintained by the public school or the special education cooperative on behalf of its member school districts. **A copy of this private school child count report will be required to be submitted to the OPI Special Education Division by November 19, 2010.** The Private School Child Count Form is the basis for calculating the proportionate share of Part B funds for the 2010-2011 school year. **This form will not be mailed out to districts this year, but can be found on the Special Education Web site** (<http://www.opi.mt.gov/pdf/speced/SEdata/11PrivateSchoolCCForm.pdf>).

The timeliness and reliability of your data submission will play a key role in your LEA determinations. All data submitted will be used in federal and state legislative reporting, as well as in the determination of fiscal budgetary requirements, so *accuracy and timeliness are critical*.

Thank you for taking the time to ensure accurate reporting of this very important data collection process. If you have ANY questions about this reporting process, please contact Anne Rainey at 406-444-4430 ([arainey@mt.gov](mailto:arainey@mt.gov)).
